Angelica's Original Music - CD's

Angelica's original music consists of pop-sounding melodies in her vocals, accompanied by a strong classical piano arrangement, and a rich blend of orchestral, rhythmic and electronic dance music. The lyric content uses visual animation, songs of dancing, fun, love, and adventure. Angelica's CD's are both energized and calming, featuring her clear, powerful voice and virtuoso piano accompaniment. All of her CD's of original music, take you on a musical journey, with beautiful, pop-sounding vocal melodies and classical piano accompaniment, weaving together as two independent musical thoughts that merge with orchestral lines, soaring strings, synth patches with soothing transitions, blended harmonies, modern drums and colorful, descriptive lyrics. Each song creates a synergy of accelerated musical thought, complimented by simple, inventive pop-sounding melodies and classical influences, combining together to create a musical variety that's hypnotic to the soul.

Angelica's CD's Released in 2015, are based on a story and screenplay she wrote called "World Of Dreams", the title and theme of the CD's. In 2018 Angelica released her single "It's A Long Goodbye", and is currently in session recording her latest CD. Angelica's CD's are available on: iTunes, Spotify, Amazon, iHeartRADIO, Deezer, Apple Music, Tidal & Google Play, Including 150 Stores Worldwide! Angelica (Angela Johnson) - Extended Profile:

Angelica (Angela Johnson) has entertained a wide variety of audiences, both as a solo artist and with bands since 1984. A dynamic performer, Angelica began her career at the age of 5, playing and singing in Orchestras, Bands, Choirs, Theatre Productions, Recording Studios, & Telethons.

Angelica's music combines a rich blend of original compositions and popular songs, complimented by her own arrangements, which reflect the diversity of her musical background. Her versatility covers several styles, including Pop, Classical, Rock, Jazz, Broadway, R & B, Country & Current Top Hits.

Angelica always wanted a career in music. She was influenced to perform in public at a very young age and credits her Mother & Father for encouraging her to pursue a career in music. Angelica comes from a long history of musician's in her family, including her grandparents. Even her great grandmother had a degree in piano.

When Angelica was 8, her Mother would often times wake her in the night to play music for her friends, while holding her hands on Angelica's shoulders. She frequently

praised Angelica's ability to play and promoted her talent. This was a confidence building process that helped to give Angelica's perspective on the importance of involving audience participation while at the same time, appreciating a listener. Angelica learned to share the gift of music.

Angelica became so involved in music that she eventually had more weekly music groups, choirs, bands and orchestras, than she had actual classes in school. She excelled in orchestras, taught her grade 9 band teacher piano, led her choir class in their shows and experimented in improvisation, composition and songwriting.

At the age of 14, Angelica studied Classical Piano Performance with Duke Thompson, at The Red Deer College and continued with his instruction when she pursued her studies in The Bachelor Of Music Program.

Angelica continued performing and writing and wanted to record her original music on records. At the age of 23, Angelica walked into her first studio in search of an engineer to record her songs. She continues to record and release her own music today and is currently in session recording her latest album.

"Music can be so personal and touch in such a way, that you want to share it's secrets with the rest of the world" - Angelica

- Yamaha Piano's & Organs (Group Instruction Keyboard Course, "Play For Keeps", Adult Classes - 14 Students Per Class),
- Irene Besse Keyboards (Private Vocal & Theory Lessons).
- Angelica's Music Studio - Private Piano, Keyboard & Vocal Lessons - (C3 Yamaha Grand, 6 Keyboards & Digital Recording Studio)

Angelica teaches beginning and advanced students, "Royal Conservatory Of Music", including all methods in the classical and contemporary genres. She also teaches contemporary piano, chording, keyboard, and those students that only play by ear that want top current hits. Angelica also teaches Contemporary Voice, Vocalization Exercises & Live Performance Techniques. Angelica likes her students to experience the enjoyment of music through both method books and the creativity outside of the traditional methods. She believes that by supplementing the lessons with additional music, it helps to expand musical knowledge beyond the current grade and can trigger music interests, or different genres that even the student didn't know about.

"I always played by ear and was well advanced beyond my music reading grade. Through my own experience, I learned that the only way to know what you are capable of, is to experiment a little. I also believe that if you ever want to learn how much you know about a subject, teach it". – Angelica

10. Mind Scape	20. Where Eagle's Soar

Recorded at The Factory Studios, Vancouver, British Columbia, Canada. Engineer: Sheldon Zaharko

Angelica recorded a 20 song, Solo Piano Album of original compositions called, "World Of Dreams", Recorded at The Factory Studios, Vancouver, British Columbia, Canada. Engineer: Sheldon Zahar. Angelica's CD was played on rotation on local Television & Radio. (2005)

Angelica expanded on her piano scores from her "World Of Dreams" release, by writing a vocal melody and lyrics. Through experimenting with her songwriting and creating her own Pop/Classical Style, Angelica was able to transform her Classical CD into new songs, fully orchestrating, arranging and producing each track. Angelica's vision was to release a 5 CD Collection (3 Pop CD's with 36 Songs & 1 Classical Double-CD with 30 Songs).

Angelica completed her 5 CD release in the Pop & Classical genres while performing on Cruise Ships. She recorded her piano tracks off the floor, in recording studios in the USA & Canada (half day sessions, while in ports). Through using her digital studio that she kept with her in the ships, Angelica arranged and produced her tracks and continued to build her catalogue of compositions and songs. Angelica carefully selected the titles to record on her CD's & released the CD Collection "World Of Dreams" in 2015 under her original name. (2015)

Angelica's recorded her CD's of original music in 4 studios, including recording with her own Mini Digital Studio. 1. Dreamland Awakening, 2. Magic's Mystery, 3. Trilogy, 4. World Of Dreams Thirty Piano Pieces, 5. It's A Long Goodbye.

Angelica released her new single "It's A Long Goodbye", in 2018. It is available on iTunes, Spotify, Amazon, Google Play & 150 Stores Worldwide! * 100% of all sales of "It's A Long Goodbye", are being donated to "The Cancer Agency, Vancouver, BC. Canada

After consideration, Angelica changed her name to "Angelica" a few months later and re-released her CD's with new Artwork by Photographer: Frank Caruso. (2015)

Angelica's CD's are both energized and calming, featuring her clear, powerful voice and virtuoso piano accompaniment. All of her CD's of original music, take you on a musical journey, with beautiful, pop-sounding vocal melodies and classical piano accompaniment, weaving together as two independent musical thoughts that merge with orchestral lines, soaring strings, synth patches with soothing transitions, blended harmonies, modern drums and colorful, descriptive lyrics. Each song creates a synergy of accelerated musical thought, complimented by simple, inventive pop-sounding melodies and classical influences, combining together to create a musical variety that's hypnotic to the soul.

Angelica's CD's Released in 2015, are based on a story and screenplay she wrote called "World Of Dreams", the title and theme of the CD's. Angelica's CD's are available on: iTunes, Spotify, Amazon, iHeartRADIO, Deezer, Apple Music, Tidal & Google Play, Including 150 Stores Worldwide! Angelica is enjoying an ever-increasing profile as one of Canada's finest performing and recording artists. Contact: Angelica (Angela Johnson) – (647) 624-8224 angelicainconcert@hotmail.com

ITS A LONG GOODBYE CD SINGLE

Angelica's CD Story Outline "World Of Dreams"

"World Of Dreams", is a collection of CD's, Dreamland Awakening, Magic's Mystery, Trilogy & World Of Dreams Thirty Piano Pieces. The music is centered around Angelica's story about a journey through destiny in [The Dream Machine](#). Adults become like children again, when they are pulled from their bodies in their sleep, hypnotized like a [Ballerina In The Miracle Mind](#), by a Spider, who is disguised as a Gatekeeper, the Sandman in your sleep. He crawls through their minds, hypnotizing them, playing games, erasing their memories, programming thoughts, stealing their dreams, in exchange for his nightmares. He plays a [Melody Of Hearts](#) in his [Soul Catcher](#), tricking them into a higher state of consciousness. Spider, is a thief of thoughts.

The sleepers are pulled through the dream gate, into a [World Of Dimensions](#), into infinity, to a place called [Trilogy](#), where three worlds collide. They are asleep and awake at the same time, flying [Where Eagle's Soar](#), in the fifth dimension, stuck between reality, the make believe, and the dreaming state, [Magic's Mystery \(Living Magically\)](#). They experience an adventure where you can [Dance Like You Are Free](#), and [Touch The Sky](#).

The sleepers are in an underground [Spy Operation](#) in the underworld controlled by Spider. They are unaware that they are being used to spy on all dreamers in Spiders mission to rule the dream world. He dangles the sleepers, like a Puppet Master, playing many different identities in a [Fairy Tale](#) where [The Dream Believes](#), [It's Only Love](#) where [We Belong](#). While the sleepers are asleep, they can't remember who they were in their sleep, or who he is when they awaken once again in the real world.

The adventure takes off when the sleepers experience each others dreams in [Images \(Symphony Of Stars\)](#), [A Mind Scape \(Night Crawler\)](#), [A Winter Design](#), [Cartoons \(Funny Day\)](#), [The Wishing Well](#), ending with an [Encore](#). The sleepers try to awaken once again as adults, in an attempt to steal their memories back, [Faces Above A Dusty Cloud](#), and seal off the dream gate. [The Secret Waits](#) in this magical underworld, when they learn of their super powers, [Miracles And Little Things](#), in a [Dreamland Awakening](#), The real world.

The story twists as the sleepers discover that in the real world, where they are awake as adults, they really are part of a spy operation. It isn't all just a dream and they are forced to be used in a laboratory for research in a human experiment involving the mind. Their minds are used to spy on world leaders, while they sleep, stuck in a [Moscow Maze](#), between three different countries, in a [Parallel Universe](#). A space program in, [The Power Of Infinity](#). The sleepers must learn their identities, [Coming In And Out Of Time](#) while experiencing mixed dreams, find their way back to their bodies, quickly tell themselves the truth, before they are programmed to forget again. They must take back their memories, and dreams, and exchange them for Spiders nightmares, before he discovers that they know the truth. Finally, they must seal off the dream gate, returning all freedom to the dream world and free all lost souls that have been captured.

Spider, "The Researchers", discover that the sleepers are beginning to remember [I'm Feeling That Way](#) and the chase is on. They decide to change the programs on the mind, in an attempt to cover their steps, while sedating the sleepers once again, erasing their minds, change their identities, playing tricks in their dreams, but they learn that it is too late. The sleepers have already remembered and put the evidence together with their fragments of memories, finding their bodies once again. [You Gave Me Just Enough](#). They tell themselves the truth, [Something To Believe In \(Love Keeps The World Turning\)](#) so that they can awaken, while inside the dream gate and carry their memories back into the real world so they can tell the difference between reality, make-believe and dreams. They access the data needed to bring down the communications in the experiment, bring down the corruption, the hypnosis on the sleepers, the controllers of the underground, Spider and his web of researchers and free the dream world, along with the real world. [Freedom's Whisper \(Illusions In The Eye Of The Storm\)](#), [Across The Motion \(Battleground In Victory\)](#), They take back our dreams and memories from Spider, giving his nightmares back to him and seal off both sides of the dream gate. The children, who are the most powerful dreamers of the world, are given the keys to the dream gate. They hold the deepest power of the imagination, they decide the future of the world, where they can unlock the dream gate once again and travel through the World of dreams to a [New World Theme \(World Of Dreams\)](#), [A Song For The One](#), The children soon fall fast asleep and later awaken, where they are standing behind a camera, and crew with all of the actors and children. They are the producers behind the movie, World Of Dreams. Copyright © 2014 Angela Johnson All Rights Reserved
